Samim Al Mamun

Founder & CEO, Vibes of Kheya · Co-Founder & CEO, Sellzy, Tex Solution & Manzile IT

Making complex work simple with Technology, AI & Automation.

PROFILE

Technology and AI business leader with 18 years in IT, from ISP network operations and group-level IT leadership to founding AI companies. I build production AI agents that run sales, support and operations for businesses in the US and Bangladesh, engineered like infrastructure: monitored, cost-controlled and built to stay up. Twelve years leading IT at Pioneer Group gave me the systems discipline, and a 12-module ERP for garment manufacturing, delivered where established foreign vendors had failed, showed I can ship where others stall.

AI agents in production	lower inference cost	voice-agent uptime	in enterprise IT

EXPERIENCE

Founder & CEO
Nov 2025 – Present

Vibes of Kheya · Sheridan, Wyoming, USA

- Founded an enterprise AI automation platform for US dental, real estate, e-commerce and SaaS businesses.
- Architected the full stack (Angular 18, Node.js, Cloud Run, Firebase, Vertex AI on Gemini 3.5) and deployed 22 specialized agents across automation, media, marketing and operations.
- Built the proprietary Smart Router, cutting inference cost by ~60% and holding voice agents at 99.9% uptime.
- Agents run invoice and finance workflows, multilingual voice reception, reputation management, lead qualification and content repurposing.
- Launched bd.vibesofkheya.com, a companion service for Bangladeshi e-commerce brands.

Co-Founder & CEO
Jan 2026 – Present

Sellzy · Dhaka, Bangladesh

- Co-founded and architect an AI e-commerce automation platform built for Bangladeshi online sellers.
- Designed 24/7 omnichannel auto-replies across Messenger, Instagram and WhatsApp, plus Bengali Voice AI for customer calls on Gemini Live.
- Built product-aware replies on Gemini Embedding 2 vector search, native WooCommerce and Bizmation integrations, Pathao and Steadfast courier booking and bKash payments, so shops take and ship orders without anyone watching the inbox.

Co-Founder & CEO
Current

Tex Solution · Manzile IT

- Tex Solution: AI cutting and fabric-consumption OS for garment factories, taking a tech pack to a marker quote in under 2 minutes.
- Manzile IT: technology and software services company, co-founded and led alongside the AI ventures above.

Samim Al Mamun
AI Architect · Founder

EXPERIENCE, CONTINUED

AI Automation & IT Consultant
Jan 2025 – Dec 2025

Self-Employed · Dhaka, Bangladesh

- Built AI automations for SMEs: lead management, support chatbots and RAG knowledge bots on n8n, Zapier and Langflow.
- Deployed multi-agent research and customer-support workflows, and produced AI-generated video ads.
- Ran Google and Facebook ad campaigns, Cisco/Fortinet security rollouts, ASP.NET apps and 24/7 remote IT support.

Director
Dec 2023 – Dec 2024

Easy Link · Merul Badda, Dhaka

- Directed day-to-day operations of an IT solutions company; set KPIs, corporate policy and compliance.
- Managed commercial partner relationships and worked with the executive team on growth projects.

Manager, Information Technology
Dec 2011 – Nov 2023

Pioneer Group · Garments & Apparel · Savar, Dhaka

IT Officer	Assistant Manager, IT	Manager, IT
2011 – 2016	2016 – 2023	2023

- Owned network and data security, servers, ERP systems and user support across the group.
- Set IT policy, budgets and timelines for major upgrades, migrations and outages.
- Led the IT team; ran system audits, staff training and regular reporting to senior management.

Senior Executive, NOC
Apr 2008 – Nov 2011

IDS Bangladesh · Internet Service Provider · Banani, Dhaka

- Monitored and maintained the ISP network for broadband and corporate customers.
- Configured gateway, FTP, mail and monitoring servers on Windows and Linux.
